

RAFFLE TICKET

As a mock up ticket is required with every Raffle Application, this ticket can be used as a guideline when making your own. The style of the ticket is up to the organization but the Provincial Terms and Conditions require the information outlined below to be incorporated into your ticket.

It is important for all organizations to refer to the Terms and Condition when applying for a License. This will speed up the process of issuing the license.

We are experiencing many oversights in these areas. Please refer to the Terms and Conditions for, all of section (4) on Ticket Requirements and all of section (10) on Banking & Financials.

However, please refer to all sections.

Please call 661-5421 to further confirm any detail that may be unclear.
